Starting from 1/1/2013 🔹 Group by Month 🔻 OK Cancel

To retrieve data from Unleashed, the connector requires entering the API Id and API Key of your Unleashed company. To get this information, please go to the following page: https://go.unleashedsoftware.com/v2/Integration/Api.

Set the beginning point of the data from which you want to import using the **Starting from** option.

To get accurate forecasts, we recommend providing Streamline with at least 24 months of sales history.

The Importer can automatically aggregate your data in periods (days, weeks, months) using the **Group by** option. So for example, if you would like to see the forecasts, procurement plan, and other reports in months, group the data by month.

After filling in the necessary information, click **OK**.
